

What is actually a...
"PPA"?

PPA

Power Purchase Agreement

PPA stands for **P**ower **P**urchase **A**greement.

A Power Purchase Agreement is a long-term power supply contract between two parties. PPAs are becoming increasingly important for the development of renewable power supply.

PPAs are an important component in energy procurement, especially for companies with a decidedly green agenda.

Not all PPAs are the same

Depending on the design and differentiation criterion, different things are meant.
